Swetha s

Frontend Developer

PROFESSIONAL SUMMARY

Dynamic and detail-oriented front-end developer intern with a solid grasp of HTML, CSS, and JavaScript. Quick learner with a passion for creating visually appealing and user-friendly interfaces. Proficient in utilizing React and Git to enhance website functionality. Ready to contribute technical acumen and adaptability to drive project success.

PROJECTS

1. Shine.com - clone | |

HTML5 | CSS3 | JavaScript

- Replicated the functionality of Shine.com, an online job search platform
- Designed a dynamic slider feature to facilitate user-friendly navigation
- Utilized HTML5, CSS3, and JavaScript
- Ensured version control through GIT

2. BeautyBebo.com | |

React.js | Chakra UI | HTML | CSS

- I developed an e-commerce website inspired by BeautyBebo, dedicated to women's beauty products.
- Implemented responsive design to ensure optimal viewing experience across various devices.
- Utilized HTML5, CSS3, React.js, and Chakra UI to create an intuitive user interface.
- Completed as a solo project within a tight deadline of 3 days, demonstrating efficient time management and problem-solving skills.

3. BookHub | |

React.js | Chakra UI | HTML | CSS

- Designed and developed BookHub, a web application for accessing information on books.
- Integrated data fetching from the OpenLibrary API to retrieve book data dynamically.
- Implemented routing for seamless navigation between different sections of the website.
- Employed a tech stack comprising React, HTML5, CSS3, JavaScript, and Chakra UI.
- Successfully completed as an individual project within a short timeframe of 3 days, highlighting adaptability and quick learning abilities.
