Sri Bhagawan Mahaveer Jain College
April 2022 - March 2023

TECHNICAL SKILLS

HTML5 | JavaScript | CSS3 | React | Responsive Web Design | Git

SOFT SKILLS

Problem Solving | Teamwork | Attention to Detail | Time Management

INTERESTS

- Yoga Practitioner
- Music

Swetha S

Frontend Developer(React)

PROFESSIONAL SUMMARY

Innovative Front-End Developer with strong proficiency in JavaScript, React.js, HTML, and CSS. Adept at building responsive and scalable web applications. Proven ability to integrate frontend components with APIs using Generative AI. Rapid adaptor to new technologies, ensuring high-quality project delivery.

PROJECTS

1. Nordstrom Rack - Clone | ⊕ | ⊙
React | Git | JavaScript | HTML5 | CSS3
- Developed a comprehensive online shopping platform allowing users to browse and purchase products effortlessly.
- Implemented a dynamic product slider to showcase featured items and improve user engagement.
- Built reusable components in React to streamline the development process and maintain code efficiency.
- Completed as an individual project in 3 days, demonstrating effective time management and coding skills.

2. BookHub | ⊕ | ⊙
JavaScript | React | Git | HTML5 | CSS3 | Responsive Web Design
- Designed and developed BookHub, a web application for accessing information on books.
- Integrated data fetching from the OpenLibrary API to retrieve book data dynamically.
- Implemented routing for seamless navigation between different sections of the website.
- Employed a tech stack comprising React, HTML5, CSS3, JavaScript, and Chakra UI.
- Successfully completed as an individual project within a short timeframe of 3 days, highlighting adaptability and quick learning abilities.

3. Shine.com - Clone | ⊕ | ⊙
| JavaScript | HTML5 | CSS3 | Git
- Replicated core functionalities of Shine.com ensuring seamless job search experience.
- Designed and implemented a dynamic slider feature for enhanced user navigation.
- Utilized HTML5, CSS3, and JavaScript to create responsive and visually appealing web pages.
- Ensured cross-browser compatibility for a consistent user experience across multiple platforms.
- Used Git for version control and collaborative development workflows.
